

Houston Business Roundtable's
Project Management Forum

FRP 101

PE Credit for Continuing Education

When: Wednesday - March 17, 2010
Time: 7:30 a.m. – 9:00 a.m.
Location: HBR Office at 8031 Airport Blvd., Suite 118
Presenters: Mr. Dean Harrel – Corrosion Products of Texas, Inc.

This forum topic will describe the following:

- Difference in fiberglass and thermoplastics
- Methods of manufacturing fiberglass pipe
- Joining systems for fiberglass pipe
- Different applications for FRP pipe and structural shapes (including some pictures of installations)
- Shop fabrication and field installation
- Comparisons of FRP pipe with HDPE, PVC and carbon steel pipe
- Cost savings realized by using fiberglass pipe

Mr. Dean Harrel is a technical sales representative for Corrosion Products of Texas. Mr. Harrel has a Bachelors degree from Texas State and a Masters degree from The University of Houston. He taught Jr. High math in Deer Park for 16 years prior to going to work for Corrosion Products. Plan to stay for a few minutes after the forum to participate in planning future forums and presentations. This forum should count for 1.5 hours for the P.E. Continuing Education Program per the Texas Occupations Code Chapters 1001.202 and 1001.210, Section 131.139 Continuing Education Program. A form will be available to document your attendance.
